The First Chapter of Genesis as the Rock Foundation for Science and Religion (Paperback)

By Albert L Gridley

Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.From the FOREWORD. IT is a remarkable fact in connection with both science and religion that the teachers in both realms have persistently overlooked the provision God has made that each should supplement the other. His evident intention is that science should enlarge the borders of the religious sphere and that the Bible as a teacher of religion should not only keep abreast of scientific attainment but even lead the way to higher intellectual results. While this is true of the whole Bible it is particularly so of the opening chapter of that book. In earlier ages it served as an exercise of faith that was reasonable only because it formed a part of records that all through the ages have been regarded as the word of God and that all along bore the imprints of the Maker of all things. But in an age when science has advanced so as more nearly to comprehend its truth, it stands as a monument to a wisdom more than human. As such it lends its warrant to other records that...
