

The Astrologer's Guide (Paperback)

Filesize: 2.89 MB

Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It has been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, altered the way I believe.

(Prof. Loyce Runolfsson Jr.)

COSIMO CLASSICS, United States, 2005. Paperback. Book Condition: New. 202 x 122 mm. Language: English . Brand New Book ***** Print on Demand *****.[T]o judge of things to come, is no easy task, nor indeed can it always be exactly performed; but we may come near the truth, and differ from it only in some small time or circumstance; which difficulty should not at all discourage us from studying and endeavouring to obtain as great a knowledge therein, as Human minds are capable of. -from Henry Coley s Address to the Reader The provenance of this charming little book is as delightfully convoluted as the discipline it offers guidance in. In the 13th century, Italian mystic Guido Bonatus set down in writing his 146 considerations, or guides for interpreting astrological signs. In 1675, British astrologers Henry Coley and William Lilly published a translated version of Bonatus, along with a selection of oracular advice from Jerom Cardan of Milan in the same volume. And then, in 1886, William C. Eldon Serjeant, fellow of the British Theosophical Society, republished that 1675 work and added his own notes and preface. The layers of history in this work-which is still used by astrologers today-makes it a particularly curious document of the medieval, Renaissance, and Victorian eras all at once.
