*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.*

Food put in charge of these silent servants needs little or no watching and with their aid a housewife may safely take an afternoon off, returning just in time to dish up the evening meal. The other short-cut is even simpler. Prepared and semi-prepared foods of every conceivable kind can be purchased in cans or packages and can be made ready for the table in a very few minutes. This booklet tells you what supplies to keep on your shelves, how to combine them into appetizing, nutritious dishes and how to plan menus using them. A study of your grocer s shelves will doubtless reveal many other canned foods that will prove valuable time-savers in your own case. As families differ in their tastes and demands, each of you who read this book will have to choose the supplies that fit your needs and then see that they are always on your pantry shelf. If, in addition, you check with your pencil several menus (page 14), which you like and find suitable, you will never be at a loss to serve a delicious, well-balanced meal even if called upon at the eleventh hour. Note: The recipes in this booklet will serve four to six persons. About the Publisher Forgotten Books publishes hundreds of thousands of rare...
