Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

It's a world where sorcery functions and the Gods play an active part in everyday life. Diomin lies at the juncture between the Spirit World and the Divine Realm, created by the One God to act as a bridge between the two. The result of this is sorcery and mortal life. To this very day Diomin is being fought over by the Gods. The Gods themselves live in the Divine Realm and interact with mortality through their representatives, as well as their magics. Those in the Spirit World also have dealings with mortals, including powers and magics of their own. There is much to discover and much to accomplish as nations fight with nations and Gods scheme for control of mortality. Whole cultures are in the process of change, not knowing what the future holds. This core book also provides detailed assistance on running a game in Diomin and includes "To Save a Nation", the first chapter in the epic Diomin campaign, "Unto this End". This campaign is designed for 1st - 3rd level characters and introduces the players to Diomin as well as starts them on the path to become heroes.
