The tragic natural disaster compels the three blended bloodlines of the mystical Viskarae civilization to isolate themselves from outsiders. During a night journey on the Blood Moon eclipse, the Shepherd visualizes their new homeland. Their new homeland provides the freedom to expand innate abilities to an unearthly level. But their abilities are tainted by their dark heritage. Once again, the return of the darkness plaguing the three bloodlines causes a savage fracture in the civilization. Throughout the five millennia of the nation's existence, Ebon-nae struggles against Sal-nae, the Mephitic One. The poisonous spirit uses his dark warriors to annihilate kinpeople opposing him. Anthropologist, Caeth Salkar, a descendent of the Viskarae begins to research her heritage in the year 12020 HE (2020 CE). She travels to the hidden canyon caves and discovers the ageless chronicles are a detailed history of her ancestry. She decides to document the historic saga when she realizes the 5 chosen Mystics must swear a Sacred Oath to fight the dark power of the Mephitic One.
